PURPOSE

To ensure that the board has a shared understanding of its governance role, the board has adopted this Statement of the Roles and Responsibilities of the board.

Responsibility of the Board

The board is responsible for the overall governance of the affairs of the hospital.

Each director is responsible to act honestly, in good faith and in the best interests of the hospital and, in so doing, supports the hospital in fulfilling its mission and discharging its accountabilities.

Approve Strategic Goals and Directions

The board participates in the formulation and adoption of the hospital's mission, vision and values.

The board ensures that the hospital develops and adopts a strategic plan that is consistent with its mission and values, and which will enable the hospital to realize its vision. The board participates in the development of, and ultimately approves, the strategic plan.

The board oversees operations for alignment with the strategic plan and strategic directions.

The board receives regular briefings or progress reports on the implementation of strategic directions and initiatives.

The board ensures that its decisions are consistent with the strategic plan and the mission, vision and values unless there is a sound rationale to do otherwise.

The board annually conducts a review of the strategic plan as part of a regular annual planning cycle.

Establish a Framework for Performance Oversight

The board is responsible for establishing a framework for monitoring and assessing performance in areas of board responsibility, including:

- Fulfilment of the strategic directions in a manner consistent with the mission, vision and values;
- Oversight of management performance;
- Quality of patient care and hospital services;
- Financial conditions;
- External relations; and
- The board's own effectiveness.

The board ensures that management has identified appropriate measures of performance.

Quality Oversight

The board is responsible for establishing policies and plans related to quality, including the Quality Improvement Plan.

The board ensures that policies and improvement plans are in place related to quality of care, patient safety, patient experience and access.

The board monitors quality performance against the board-approved quality improvement plan, performance standards and indicators.

The board ensures that management has plans in place to address variances from performance standard indicators, and the board oversees implementation of remediation plans.

Financial Oversight

The board is responsible for stewardship of financial resources, including ensuring availability and overseeing the allocation of financial resources.

The board approves policies for financial planning, and approves the annual operating and capital budget.

The board monitors financial performance against budget.

The board approves investment policies and monitors compliance.

The board ensures the accuracy of financial information through oversight of management and approval of annual audited financial statements.

The board ensures management has put measures in place to ensure the integrity of internal controls.

The board oversees asset management.

Enterprise Risk Management

The board is responsible for being knowledgeable about risks inherent in the hospital's operations and ensuring that appropriate risk analysis is performed as part of board decision-making.

The board oversees management's risk management program including an assessment of risks relative to their probability and potential impact.

The board ensures that appropriate programs and processes are in place to protect against risk.

The board is responsible for identifying unusual risks to the hospital and for ensuring that there are plans in place to prevent and manage such risks.

Supervise Leadership

The board recruits and supervises the CEO by:

- Developing and approving the CEO's job description;
- Undertaking a CEO recruitment process and selecting the CEO;
- Reviewing and approving the CEO's annual performance goals;
- Reviewing CEO performance and determining CEO compensation;
- Ensuring succession planning is in place for the CEO; and
- Exercising oversight of the CEO's development of senior management as part of the CEO's annual review.

The board also oversees the Chief of Staff (COS) by carrying out parallel functions to its supervision of the CEO. The board develops, implements, and maintains a process for the selecting department chiefs and other medical leadership positions, as required under the hospital's by-laws or the *Public Hospitals Act*.

Oversee Stakeholder Relationships

The board identifies the hospital's stakeholders and understands stakeholder accountability.

The board ensures that the hospital appropriately communicates with stakeholders in a manner consistent with accountability to stakeholders and to promote engagement.

The board contributes to the maintenance of strong stakeholder relationships.

The board performs advocacy on behalf of the hospital with stakeholders where required, in support of the mission, vision, values and strategic directions of the hospital.

Manage the Board's Own Governance

The board is responsible for the quality of its own governance.

The board establishes governance structures to facilitate the performance of the board's role and enhance individual director performance.

The board is responsible for the recruitment of a skilled, experienced and qualified board.

The board ensures ongoing board training and education for directors.

The board assesses and reviews its governance by periodically evaluating board structures, including board recruitment processes and board composition and size, number of committees and their terms of reference, processes for appointment of committee chairs and board officers, and other governance processes and structures.

Legal compliance

The board ensures that appropriate processes are in place to ensure compliance with legal requirements.

Amendment

Amendments to be approved by the board of directors.
